

DONATION FORM

The Susquehanna Symphony Orchestra was founded by musicians with the enjoyment of music as its foremost mission. Since 1978, this orchestra has grown to be an essential Harford County tradition – uniting performers and audiences through a mutual love of music. We are an important community resource that brings together student, amateur, and professional musicians, with exceptional soloists, composers, and conductors. This vibrant all-volunteer organization has continued to thrive thanks to significant support from donors who share our vision.
